Familiar Roads

Students return from a short summer for an even longer year

The summer of 2001 was short, for Luray High School students, at least. Students were released on June 10, 2001 and they returned on August 28, 2001 which allowed only 79 days of freedom. Students were to spend a total of about 180 days in school. They spent their summer having fun and were ready to return to the habit of school as usual, going back down a familiar road.

THE PEDESTRIANS OF **SUMMER**

"My summer was really boring because my brothers went to work and I was stuck at home doing chores."

Katie Jenkins, 9

"My summer was a lot different this year because I didn't really get to hang out with my friends because I had to work."

Amanda Thompson, 10

"I thought my summer was fairly normal; I went to the beach with a friend and worked. It was pretty fun."

Kellie Dovel, 10

"This summer I had a once in a lifetime experience. I went to Germany with my German friend. We stayed for three weeks."

Ms. Walker, P.E. Teacher

"My summer was fun even though I didn't do anything."

Shawn Campbell, 9

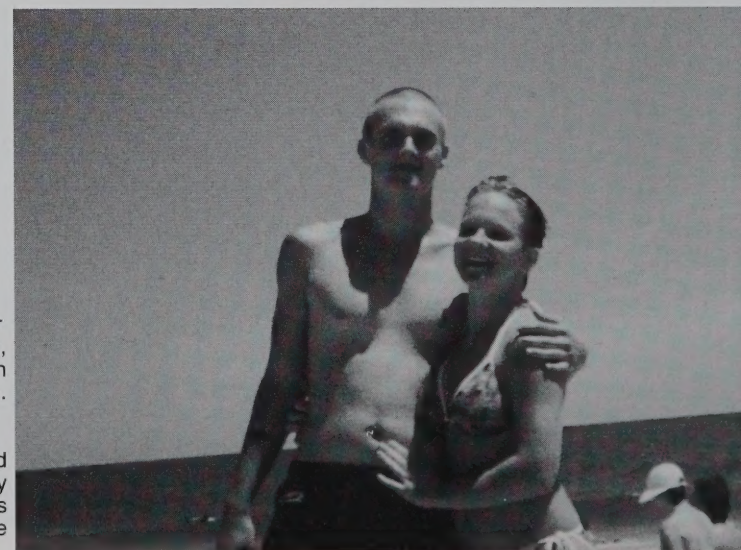

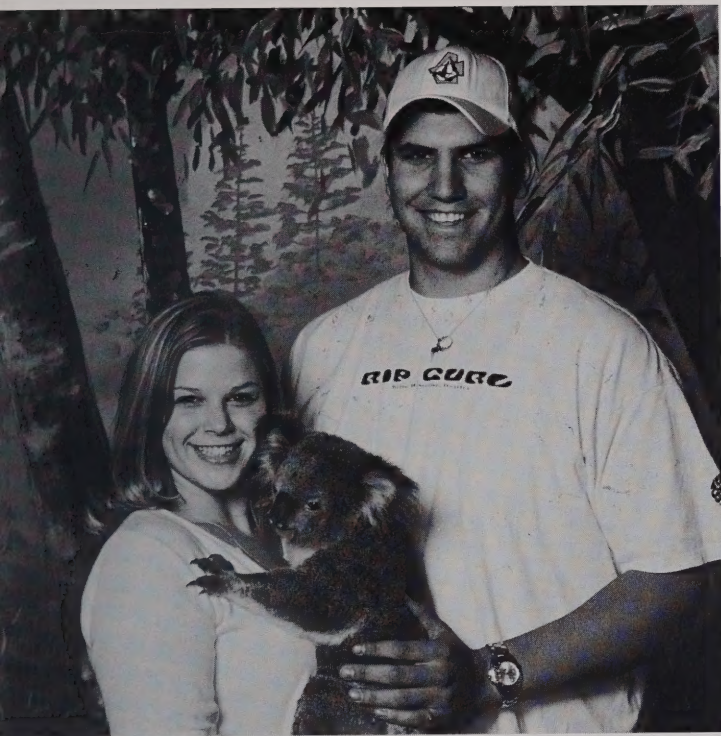

"My summer consisted mostly of swimming and walking dogs at the clinic."

Charlotte Cribb, 10

Summer Stroll

Students express their individuality by spending their summers in a variety of activities. Some students go to the beach and party while others prefer to stay at home watching television. All students were sure to have a great time away from the everyday routine of life and school.

Rough Road Ahead

September 11, 2001 started off as a normal day. Students went to school and attended their first class. But at 8:48 a.m., their lives changed forever. American Airlines Flight 11 crashed into the North Tower of the World Trade Center in New York City. Then at 9:03 a.m., United Airlines Flight 175 crashed into the South Tower. At 9:45 a.m., while we were in third period, a third plane, American Airlines Flight 77 from Dulles to L.A., crashed into the west side of the Pentagon. Not long after, the South Tower collapsed at 9:59 a.m. from the extreme heat caused by the burning jet-fuel. By 10:25 a.m., the FAA had grounded all domestic flights in the U.S. and diverted all international flights to Canada. At 10:10 a.m., United Airlines Flight 93 from Newark crashed outside of Pittsburgh, PA. By 10:28 a.m., the North Tower had collapsed. After the events of 9/11/01, students of Luray came together. A candlelight service was held in the auditorium to honor the firefighters and rescue workers who lost their lives in the rescue efforts. Clubs such as the NHS, donated money to the relief fund for New York. The tragic event would show us that there would be a "Rough Road Ahead."

VOICE OF THE PEOPLE

"I was sad. When I first heard it and I asked my dad about it, he said we lost a relative in it."

DOUGIE VENEY, EIGHTH GRADE

Dougie and Jasmine Veney lost their cousin in the World Trade Center disaster. Gene Malloy, a computer specialist, was working in the North Tower on September 11, 2001. Our deepest condolences go to them and their family.

"It was like a threat to me because I'm protecting the country I serve, my country."

NATE SOURS, SENIOR

"It's very scary and upsetting because a lot of my friends are involved with the military, so a lot of them are having to be stationed with Afghans. I have family that worked at the Pentagon, but now they've given up their jobs due to fear!"

AMBER GREER, JUNIOR

"It was very depressing, saddening, shocking, and surprising. My sister was supposed to go to D.C., but she didn't."

Ms. Tammy Jenkins, Teacher

"It wasn't good knowing I will grow up with a weaker economy [due to the tragedy]."

JEFFERY CASANOVER, FRESHMAN

"It was horrible sitting in class watching it on TV, but not being able to help in any way."

Students Dream The Night Away

While students crowded into Bulldog Hall to get their pictures taken, others stood in the chilly night to get into the festively decorated gym for the Homecoming Dance. Once inside students grooved to the Hip-Hop and Rock beats provided by Mikey Atwood. One of the classic songs played by the DJ was the theme song, "Dream," by The Everly Brothers.

"I didn't have one part of Homecoming I liked best; I liked it all!"

Julia Brockman, freshman

"I had a lot more fun after Homecoming. A few of my friends came over to my house and we got into some trouble. We really bonded and ended up with a lot of inside jokes... 10:30 okay!"

Kelly Baggarly, sophomore

"The best part of Homecoming was getting to see everybody dressed up, dancing and having a good time. I also think that Homecoming should start sooner and last longer"

Pamela Butler, eighth grade

"My favorite part of Homecoming was being with my closest friends because I got down with everybody."

Jeff Yates, junior

"I particularly liked the D.J. this year. I thought that many people this year were out on the dance floor and the songs were good. The decorations were awesome!"

END OF THE ROAD

THE CLASS OF 2002 TAKE THEIR FINAL STEPS OF THE HIGH ROAD

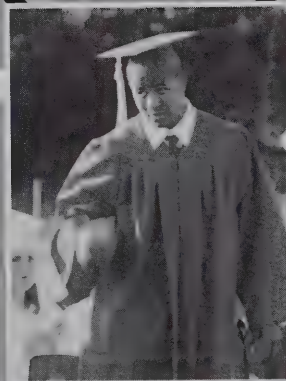

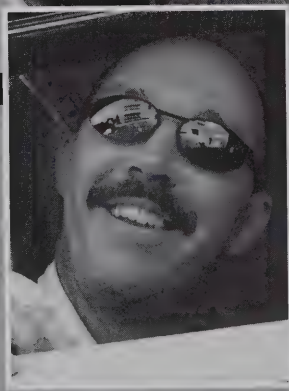

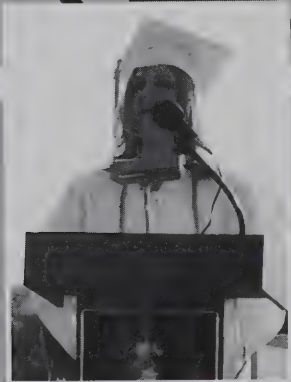

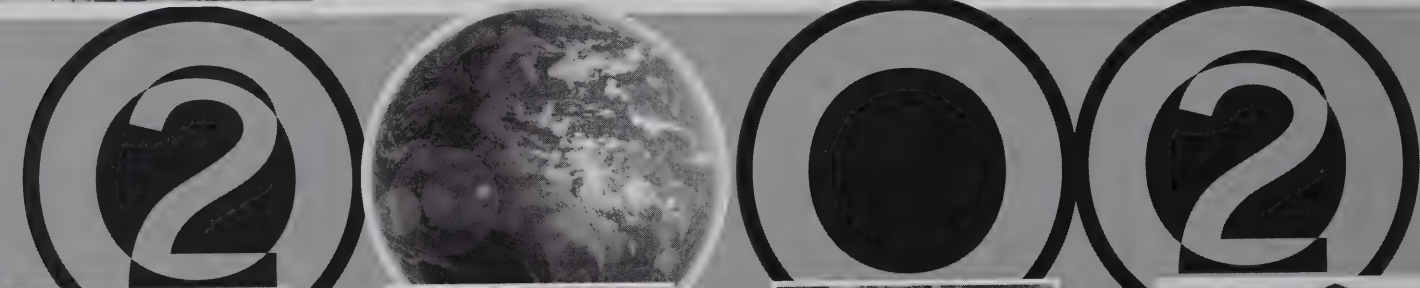

CONGRATULATIONS

Angela Judd attempts to fix her hair with the graduation cap on her head. Many of the female graduates found it difficult to work around the caps.

photo by: Vernon Tilley

Graduation is the final step in the road of high school and the class of 2002 eagerly awaited the arrival of 6:30 when the ceremony would begin. Class president Jessica Markowitz tearfully welcomed the friends and families of the graduates, who had travelled from as far as Spain, to the ceremony. Mr. Ponn recognized the Tech Center students for completing their specialized training in vocational areas and the students who received scholarships including Marcus Davis who was recruited by the Montreal Expos. Mr. Thomas presented gifts to the top ten students; Dixie Turner gave the Salutatorian address and Valedictorian Richard Mallalieu received the Hap Heizer award. Finally, the class of 2002 was called forth one last time to receive their diplomas and graduate from Luray High School to begin the new road ahead.

Dreamer's

Lane

Students dream of Homecoming, when it got here we welcomed it with tons of spirit and lots of fun. There was the spirit strips, poster contest, pieing teachers in the face, and lots more! But the fun part of Homecoming is getting dressed up, picking up your date, meeting your friends and waiting at the gym doors, and walking in to another world.

SPIRIT

"I think we had a lot of spirit this year, especially at the pep rally."

Marcus Davis, 12th

"Being an eighth grader, I was very impressed with how Luray High has so much spirit."

Kayla Silvius, 8th

"I think we should've had as much spirit during spirit week as we did at the pep rally. Otherwise everything was great."

Olivia Meadows, 11th

"I thought it was funny that we got to dress up like girls. That was a good idea."

Jonathan Packard, 11th

"I thought it was really fun because us sophomores had a lot of spirit."

Rachel Yee, 10th

"It was fun, but I would have rather seen more people participate and dress out during spirit week."

According to students, work can be fun(ny)

"I needed money for a car payment, and the only thing available was Walmart. (Once) I had a 50 pound bag of dog food bust over my head! Walmart is a good place to work but it takes away from your personal time."

Chris Leone, Senior

"I need a job so I asked some friends about the Massanutten Tube Park, and it seemed easy and fun. I was talking to a friend when some tubers took my feet out and I did a flip in the air and landed right on my hands! I was okay."

John Ketchum, Senior

"Amber (Greer) and I used to play jokes on each other when I worked at Hardees. One time, she tripped me and I ended up shutting off all of the dining room lights...and there were customers in there too!"

Kim Tacker, Junior

"Sometimes I work for my grandpa. I help him at church and to mow his yard. I help my grandma too. Sometimes I get paid but I would work even if I didn't get paid."

John Caviness, Junior

"One time, a man who had been drinking, stripped off his clothes and went tubing naked! My job gives me money to use for making car and health insurance payments. I also am able to spend money on tattoos."

Joe Roberts, Senior

"I work at Movie Starz, I tutor, and I babysit. The opportunity to help children is very rewarding. I once had to help replace movies on a rack after a man fell into it knocking it over!"

CAUTION: *Workers Ahead*

Students of Luray High School claim to be able to perform amazing acts of balance! School work and social lives are balanced by volunteer work, part time, and full time jobs. Despite citing the sacrifices of free time, friends, and sleep, students agreed that the freedom and paychecks that come with a job are well worth it! Whether it be money, fun, or a sense of accomplishment, the students of LHS prove that there is always something to work for.

The Highway of High School is Paved with Knowledge

SMART STREET

Change is a constant each year at Luray High School. This year, terrorist attacks were a sure sign of the changing times. Students responded to the tragedy with new found patriotism, spirit, and kinship with their peers. Classrooms and hallways, decorated with stars and stripes, reflected the sympathy shared by students and faculty. The Pledge of Allegiance gained new meaning as it became an everyday practice after the events of September 11th. Lessons took on new meaning as students dealt with living in a now unfamiliar world. Despite the changing times, the student body continued to strive down the highway of knowledge.

Fine Arts Are One of the Best and Most Creative Ways
for Luray High Students to Express Themselves

Artistic License

Luray High School's various clubs, classes, and Fine Art projects provided under and upperclassmen with an artistic outlet. The wall outside of Mrs. Campbell's room was coated with brilliantly painted paper shields. When the faculty announced the selection of the classic play *Cinderella* as the school play, dozens of students eagerly entered auditions. Throughout the year, several English classes studied Shakespeare's most famous works, including *Julius Caesar* and *Romeo and Juliet*. A combination of experiences left LHS students qualified to practice artistic license.

STUDENTS TAKING THE ROAD TO SUCCESS

During the 2002 school year, a variety of different projects were completed. Some projects are more important than others. Students agree that the senior projects are very important. When teachers assign projects, often they give the students the choice to work in groups. Students seem to enjoy that option more as opposed to individual work.

hard work of these new directors. Many of the students this year were prouder of their talents and abilities due to the change in the program. The band was on the road attending the Dixie Classic competition in Richmond, where they received a superior rating. This has been a four year goal, and now they can say it has finally been reached. The band has made the pupils and administration of LHS very proud. The chorus also appeared in a variety of different performances including several at our school. All of the students are very proud of how far they have come in their musical abilities this year.

CROWDED STREETS

The prime function of school may be to learn, but students returned for the new year in anticipation of seeing old friends after the summer break. Shifting from the freedom of summer back to school is always difficult. However, the student body made it through the transition. Crowded corridors echoed with chatter as people gathered together throughout the school to reminisce while seniors faced the final curve in the road of high school.

Enjoying a day at Inn Lawn park seniors ride the merry-go-round for fun. Senior english teacher Sue Nickels later joined in on this fun. *photo by: Sue Nickels*

This year the senior class of 2002 have shown their school spirit in many different ways. The seniors have ended their high school career with a great week. Their activities included a visit to lake arrowhead, senior slide show, and a day at inn lawn park for the pilgrimage. Each senior student wrote a poem about what they wanted to be when they got out into the

world, and celebrated it by dressing up or down depending on the profession. Katie Grove said, "The best part of senior week was the day at the lake, and getting to participate barefooted in a game of volleyball with all my friends." Amber Starke said her favorite part of senior week was "Being at the lake spending time with people instead of being in school."

As you can see senior week was a very enjoyable, fun, and pleasant time for the seniors. Dana Vaughn said the part she enjoyed was the SCA slide show. "It wasn't until that last slide show that it hit me that we were seniors and wouldn't be returning next fall." Even though the end of there highschool career has arrived all the seniors should have many fun-filled memories to cherish with them for many years to come.

Being a senior has its advantages. Special classes exclusively for seniors help to make the last year of high school a memorable one.

WORKING HARD

Angela Judd works hard to finish her homework during study hall. Many seniors enjoyed having a study hall for completing some of the heavy work load.
photo by: Natalie Aleshire

As the long road of school comes to an end, seniors have many special classes offered to them. Examples of senior classes are calculus, government, physics, photojournalism III, senior study hall, AP chemistry, biology, physics and AP English. Special classes set aside for only seniors help to make the last year of high school much more significant than any other.

JUNGLE GYM

High school is very different from what eighth and ninth graders are used to. Most students said that they liked having more freedom and a selection of courses to choose from.

Freedom was one of the most appreciated elements of high school life. Students liked not being required to walk in lines like in elementary school.

Freshmen said that they enjoyed earth science, ag, and teen living because they were able to be more active and created projects that they enjoyed in these classes.

Eighth and ninth graders also said that they enjoy playing sports after school. Some said that they liked being able to play with their friends, travel, and compete with different schools.

Speed Bumps

Tenth and eleventh graders at Luray High School said that there are many factors outside of school that affect the way they perform in school. From jobs to parents and everything in between students react to these things in and out of school. Sophomore Angela Ferber said, "It's hard to stay on top of your grades when you have your family life and school activities to worry about. Also you have to keep up with your social and athletic appearances. Another key factor is the 'Boyfriend Factor'." Richie Payton, a junior, said, "drugs are a big deal out of school, they affect the way you think and act."

Sophomore Bronson Frye stated that keeping up with your family life and sports also affects your school work. Sophomore Tiffany Campbell added that one of the positive factors outside of school was having fun with friends. When you get to have fun outside of school it sometimes helps you work better in school. Sophomores and juniors said that one positive thing of their year was being able to order and receive their class ring. Sophomores look forward to designing and ordering their rings and juniors anticipate receiving them. All of these are speed bumps in the road of high school.

I Do

Juniors Daniel George and Hudson Price gladly accept their class rings from Jostens representative Jeff Adams. Juniors said that receiving their class rings was one of the highlights of their junior year. *photo by: Holly Wyatt*

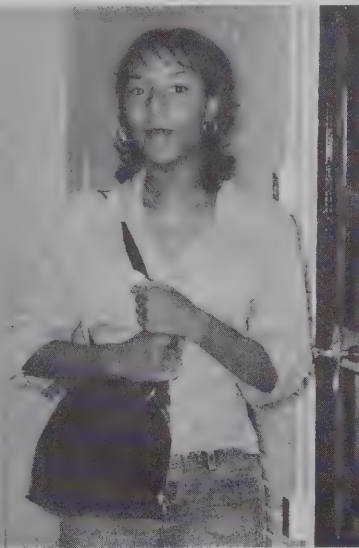

SLEEPP!

Class of 2002

CONGRATULATIONS TO THE GRADUATING CLASS OF
2002
AND THE BEST OF LUCK IN YOUR
ENDEAVORS!

What is the most valuable lesson you have learned in your high school career?

"Do not make permanent alliances with girls." -Meredith Burke

"Football takes dedication to get through." -Steven Creel

"After I've grown up, I've realized you can't be mean to someone just because they're not like you." -Corina Campbell

"Don't worry about what others say about you." -Travis Bradley

"I have learned hard work ethics, and respect for others." -Nina Long

"To sleep with my eyes open." -Dixie Turner

"To rely on myself and no one else." -Tabitha Cobin

"Don't procrastinate." - Erica Winter

"It's hard to earn trust, but once you've earned it it's a good thing to have." -John Ketchum

"Don't put things off until the last minute." -Stephanie Wagner

"Watch where you step." - Kim Cornwell

"Although we live in a small town, you find the best of friends in small places." - Natalie Aleshire

"Don't let people get to you; if they don't like you, it's their problem, not yours." -Matt Fox

"Friends are there 'till the end." -Amy Batchelor

"I've had a lot of experiences in being the mascot, and representing my school." -Angela Judd

"Work as hard as you can in school so you can have yourself a good future and get out of Page Co." -Nate Sours

"If you don't go to school, your parents go to jail." - Beau Holsinger

"Don't care about what everyone else thinks about you." -Josh Sullivan

"Don't procrastinate. It leads to more procrastination and then you never get it done. Trust me, I know from personal experience." -Nikki Tiller

"Don't live life with a closed mind; you won't get very far." - Michael Thompson

"Do not care about what people think. After I learned that everyone else's opinions mean nothing, that's when I started having fun." - Emily Brockman

"Learning to be myself and not be swayed by cliques and the opinions of others." -Michael Armstrong

"I've learned that you need to get mad. Never put up with anyone's crap. Never pretend you like someone if you don't. And ALWAYS say and do what you want. True friends will understand and accept you for who you are." -Jami Strickler

"Keep your mouth shut!" - Melanie Stanley

"To learn valuable lessons is valuable." - John Jenkins

"Manage your time between school and work, but remember to always have fun." -Leslie Butler

"Don't take geometry your senior year." -James Korgol

"Knowledge is power." -Joe Petefish

"If you work hard and pay attention you can have great grades that will let you party (a lot) afterwards. Believe me it's very rewarding." - Candice Jenkins

"Do not put things off until the last minute." - Bryan Jenkins

"People can be very cruel, and they don't understand how bad something hurts, but everything comes back to them." -Cassie Gray

Principal Mr. Randy Thomas

Mr. Randy Thomas started his career at Luray High School in the 1994/1995 school year. When asked his thoughts about being a principal at Luray High School he said it was a very demanding job, both mentally and physically. He also said that it was fun working with the students and members of the faculty. He commented that trying to pull everyone together to have a good school year is challenging. But, all in all he said his job as principal was filled with fun and very gratifying.

Me...Forget?

Mr. Thomas reminds Mrs. Nickels to not forget about the afternoon faculty meeting. Mr. Thomas often found time to enjoy a laugh with teachers. *photo by: Cassie Starke*

Road Rules

Assistant Principal Mr. Ponn

Mr. David Ponn, Luray High School's Assistant Principal, started working here in 1986. He attended Luray High School as a teenager and moved on to become one of the school's authoritative figures. When asked his opinion on being the Assistant Principal, he said it is always a new challenge but he enjoys working with the faculty and students. Although time consuming and unpredictable, he said it feels good to watch each student grow and mature throughout each year.

Mrs. Jane Thompson

Mrs. Thompson has been teaching at Luray High School since 1975.

During her 27 years here at LHS she has taught all areas of special education including English, math, science, social studies, and survival skills.

When asked what her most memorable good experience at LHS has been, she said, "I can't really pinpoint one year or experience. I have an overall memory of some really great experiences and great students. I'd like to think my best experience may be yet to come."

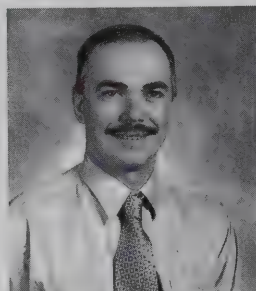

"My most memorable bad experience teaching was when I caught a student smoking marijuana in the bathroom and had to turn her in to the principal and police. I really hated to be involved in that."

Street Sweeper

Mr. Leonard "Beetle" Bailey

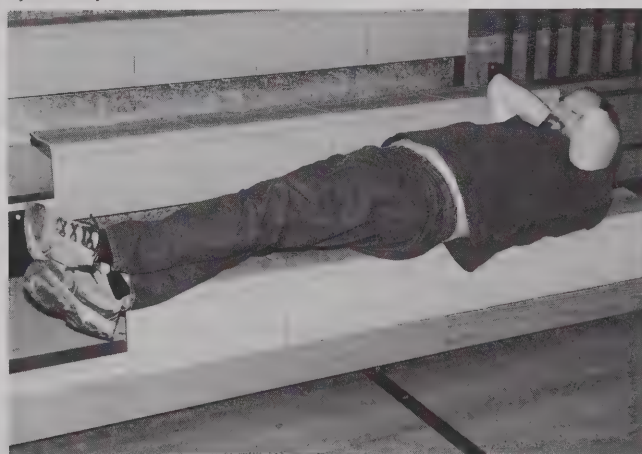

Mr. Bailey has been a custodian at Luray High School since February of 1980 which makes 21 long years of sweeping the halls of LHS.

One of the hardest jobs that Beetle has been faced with is finding out where and what all of the keys went to.

When asked what his most enjoyable job at LHS was, he replied, "Picking on the teachers and students."

Not now, I'm busy

Look out! LHS's Cheerleaders attended Regional competition for the second season in a row.

Strolling Down Bulldog Lane

Luray's athletes are stepping up individually and as a team. Boy's Basketball had a great season, they started well by winning the Holiday Tournament at Page County High. Also, the guys adapted to working under two head coaches. LHS's Volleyball team placed second in the district and had three players selected to All District Teams and one chosen for the All Regional Team. Girl's Cross Country had three runners at the Regional race.

How did you feel about two Freshmen playing on the Varsity team?

JAMIE SLYE

"Well I'm happy for Becca & Amanda because they are getting the experience they need. Becca has stepped up a lot and she'll improve a lot more."

KRISTEN BRADLEY

"Becca is a very good player and she will be better in the future."

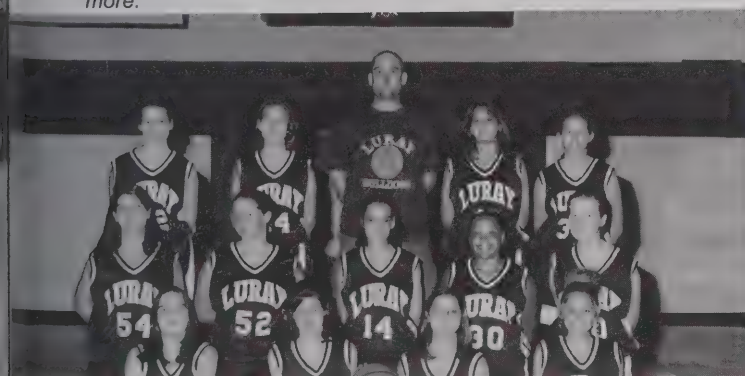

KELLY BAGGARLY

"I think that it's a good opportunity for Amanda & Becca that they got a lot of playing time."

Warning: Spiking Ahead

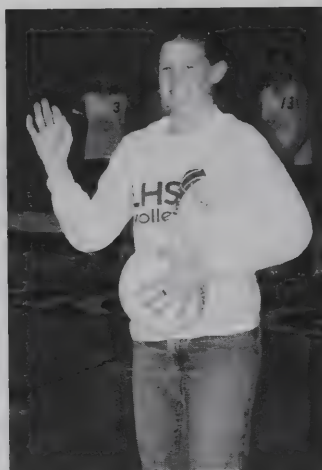

Varsity Volleyball finished the season with the record on 14-4. Junior Varsity finished with the record 8-10.

This year the Varsity girls finished with an outstanding record. The Junior Varsity girls followed right behind with a good year. Varsity finished second in the District. Deborah Cubbage was selected for First Team All-District. Starr Vile and Jamie Slye were selected for Second Team All-District. Coach Jones said, "This year the JV girls really worked together as a team because they all played together last year and got to know each other very well." The JV girls really played their hearts out this year.

What is your opinion on this year's Volleyball Season?

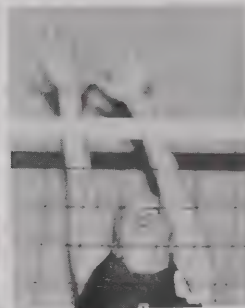

"The season was fun and exciting. The whole team has memories that no one will forget. Even though the season ended in a disappointment, the team won't forget the best season."

LAURA STRICKLER

"I think it was an awesome season and we definitely played as a team. It just didn't come together when we needed it the most."

TABITHA CORBIN

"We had a great season. We all played hard with all hearts in the game. We had our rough moments but I'm going to miss playing on the team and I'm going to miss everyone."

When asked how the squad prepares for competition, coach Robin Meadows answered by saying, “We practiced long hours and every day except Sunday. We focused on our mistakes and continued to work until we got it right.” Their hard work paid off on March 8th when the cheerleading squad placed third out of eight teams in the District tournament. If you ask any one of the members of the cheerleading squad at Luray High School they will all tell you that cheerleading is definitely a sport!

WHY DID YOU DECIDE TO CHEER RATHER THAN PLAY ANY OTHER SPORT?

"I decided to start cheering when I saw the ESPN cheerleading competitions on TV. I was amazed at how perfect they were and I wanted to be just like them."

JASMINE VENNEY

"I decided to cheer because cheerleading is such an optimistic sport. Just the environment puts you in a good mood. And competition is the best... it's so intense."

SARA VAUGHN

"Because I like to cheer. It's a year round sport which (makes me unable) to participate in any other sports."

After 11 years substituting, Mrs. Pender says farewell to Luray High

Mrs. Denise Pender comes to Luray High all mornings in a very cheery mood. She's not a teacher, but to the faculty and staff of LHS, she is one of the best that we have. As Mrs. Thompson said, "She is a true lady." Mrs. Pender has been substituting at LHS for 11 years. Not only that, but she has also been a large part of the Athletic Boosters, PTSA, and numerous other committees. Mr. Ponn said, "Her worth is immeasurable, she is the kind of person that you can just hand over the keys to and not worry about a thing." She subbed for Mr. Ponn's government classes during his bout with cancer, for Ms. Stombock after she received a job at the school board office, for Mrs. Campbell while she was on her honeymoon, and for Mrs. Griffith and Mrs. Hamilton while they were on maternity leave. She has always provided the care and attention that students need. Although she may not always be familiar with the material which she is handing out for busy work, she can always help with advice that can not be equaled by anyone but your own mother. She is, for many, our mother at school, and she will be missed.

"She is the most caring person that I've ever run across, she is a person whose service makes the administration's job much easier."

-MR. THOMAS

"She is always willing to give a helping hand with anything you ask and always had a smile on her face to brighten your day."

-DEBORAH CUBBAGE

"Mrs. Pender is one of the most caring, considerate people in the world. Not only has she dedicated hours and hours of her time to serve the faculty, staff, and students of LHS, but she also contributed two of our most outstanding students--Matthew and Daniel. I just love her!"

Interaction Highway

What does your road sign tell about your club?

This year the yearbook's theme centers on roads, so each club was asked to create a road sign displaying its uniqueness.

Club officers and their sponsors were busy planning activities at the beginning of the year.

The French club sponsored its annual Kitty-Pup Drive collecting items for the local SPCA. The SCA has been busy with activities all year long, including planning and decorating for the Homecoming Dance, Spirit Week, and Field Day. The FCCLA was busy planning for many community service projects and students' STAR Events Competition in Virginia Beach including "I'm a Survivor," "Luray Loves the USA," and the Angel Tree. They also sponsored National FCCLA Week and a STOP the Violence project. The FBLA sponsored National FBLA Week. They also participated in the regional Competitions at James Madison University and the State Conference in Richmond. The NHS held its annual Red Cross Drive on March 15, 2002 collecting 62 units of blood from 87 blood. They also held the first ever Relief Walk, raising money for the local Rescue and Fire Departments and the victims of Sept. 11th. The FFA sponsored Food for America, and also sold Citrus Fruit. With all the running about with club activities, it this year has been an *"Interaction Highway."*

GATHER AROUND

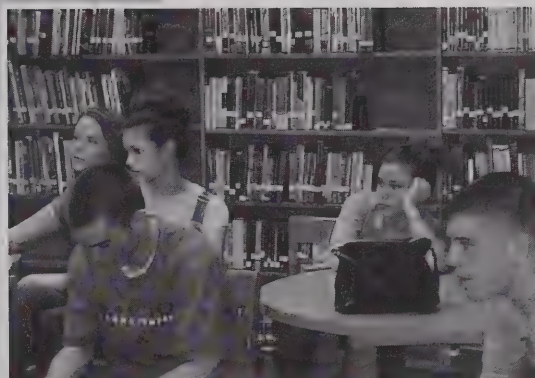

The first club day of the year was held on October 3, 2001. During second period, the National Honor Society met in the Library. Members look at the scrapbook that has been by past members of NHS. *photo by: Sarah Foltz*

CLEAN ROAD AHEAD

This year the Interact Club had a slow start with no one to sponsor the club. Thanks to Mr. Thomas, Interact held its first road clean-up in April 2002.

Time Square

LHS students prove that they can be artistic in Art and Business. This year both Art and FBLA had many accomplishments including fundraisers, ice cream socials, and even painting the Wal-Mart Toyland sign for Christmas.

FBLA students placed first and second in competitions advancing to the state conference in Richmond. Matt Cubbage and Ben Mallalieu placed first and Mitch Houff and Elisha Frye placed second in the competition.

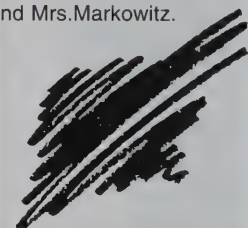

Art club students helped with the flats for the Cinderella Production and decorated the stage for Prom's Grand March. They also held an open house and an art show to showcase the new art building in April.

Changing Lanes

The town of Luray went underwent many changes throughout the year with new businesses opening up, and others closing down. Stores including Farmer Jack, Rite Aid, and Little Ceasars shut down as California Nails, Curves for Women, and Auto Zone became new additions. This caused some difficulty for town shoppers, but was convenient for students who appreciated having a professional nail salon in town.

Discover Virginia's Largest Hidden Treasure

Deep beneath Virginia's Blue Ridge Mountains, Luray Caverns is the largest and most popular caverns in Eastern America. From well lighted paved walkways, explore rooms with ceilings 10 stories high, filled with towering columns and crystal clear pools. And experience the haunting sounds of the world's only Selenite Organ.

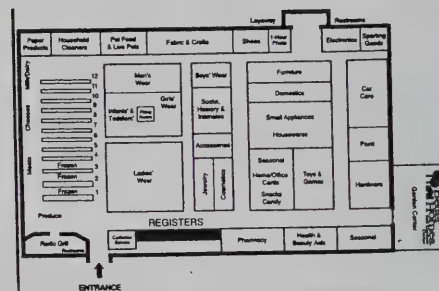

LURAY CAVERNS
In Virginia's Shenandoah Valley

Situated just 10 minutes from the central entrance to Shenandoah National Park and scenic Skyline Drive, 15 minutes from I-81 and 90 minutes from Washington D.C.

My Little Girl Tiffani

From the time she was born
To the day she could talk
From the time she could crawl
To the day she could walk

All this happened quickly
It happened all too fast
Once the little girl
Now, a woman at last

She once wore ruffled dresses
With a bonnet on her head
Changing styles from year to year
Wearing her mother's clothes instead

She's my little grown up daughter
That has made me very proud
No matter where she goes
She'll stand out in the crowd

I know she'll make decisions
That will drift us both apart
I know they'll come within her heart

She once sat on the porch step
Just being my little girl
But the day has now arrived
That she has to face the world

Good luck my beautiful daughter
With your future ready to start
Remember that I love you
You are always in my heart

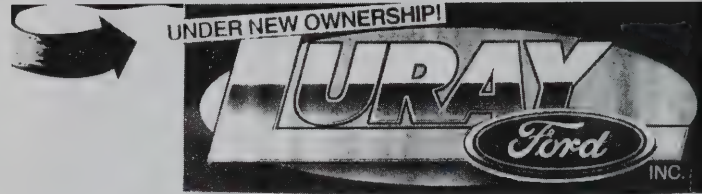

Love,
Mom

W WALLACE

IN MEMORY
OF
MRS. VICKIE TAPPY

A SPECIAL TEACHER
AND
A TRUE FRIEND

WE WILL NEVER FORGET YOU.
YOU HAVE TOUCHED OUR HEARTS AND OUR
LIVES FOREVER.

There are many people
That we meet in our lives.
But only a very few
Will make a lasting impression
On our minds and hearts.

It is these people
That we will think of often,
And who will always remain
Important to us as a True Friend.

A black and white checkered border, resembling a racing flag, frames the entire page. The border is composed of small squares and runs along the top, bottom, and right edges, with a solid black line on the left.

Students Prepare For Summer

As The Year Winds to a Close

It's been 182 days since the school opened

its doors to welcome students back from summer break, but in the last days of the 2001-2002 school year it seemed like just yesterday. SOL's, exams, senior presentations, and the impending graduation of the class of 2002 kept students busy as June 8th quickly approached. As the sun set on graduation day, smiles were on the graduates faces as they took the last step of the High Road and the first onto the Highway of Life.

SOL Testing

SOL testing it's hard and it is a pain.
You mess up on it and you're put to shame.
SOL testing is easy if you study.
But not that easy if you are caught cheating off
your buddy.
SOL testing you think you're getting the answer
wrong.
Then you think SOL tests are kind of long.
But don't worry if you study you're going to pass.
And in 2006 you will graduate with your class.

Taking the

NOV 2007

GIFT

Taking the High Road was produced by the *Highland* staff over the course of one hundred and eighty-two days in school. Finished pages were edited and sent to Josten's Printing and Publishing, who printed *Highland* Volume 59 in State College, Pennsylvania 16804-0279. The cover was designed by Natalie Aleshire and drawn by Drew Duncan, an honorary member of the staff. Holly Cubbage inspired the theme *Taking the High Road*. Matt Fox designed the folio tabs and the endsheets were drawn by Matt Watterson. Primary editing was done by Carrie Campbell, Michael Armstrong, Matt Fox, Natalie Aleshire, Katie Burner, and Sarah Foltz.

The binder board used is #317, 150 point. Endsheets paper weight is 100 lb gloss; 80lb was used for the paper within. Three multiples (24 pages) of process color were purchased, which is the most color ever in the LHS *Highland*.

All copy was written by Journalism I, II, and III students and printed in Helvetica typeface with 10 point body copy, and 8 point captions. All spreads were designed and completed using Josten's 2002 Year Tech and Adobe Pagemaker 6.5. Two spreads were constructed digitally.

LHS is a member of the Virginia High School League. The 2002 *Highland* submitted in for evaluation, and entered into the American Scholastic Press Association Review.

The *Highland* would like to thank Josten's representative Laura Midgal for her help with teaching an unexperienced staff, Donnie Johnston and Vern Tilley for providing pictures, Denise Pender for substituting during Mrs. Campbell's honeymoon, Cindy Miller, Alesia Painter, *Page News & Courier*, Sandy Mays, and Jim Logan for handing out endless surveys to seniors in his government classes.
